C. E. JENNINGS & CO.'S

Machinist's Tool Case No. 75

This case is constructed so the mechanic can conveniently carry it from place to place, or if working in a permanent place may take his tools home with him at night to avoid their being stolen.

This is **a portable** Tool Case made of Chestnut, handsomely finished. It has four drawers and is furnished with a brass cylinder lock, leather handle and metal corners.

The lid locks at the bottom and when open can be slid back over the drawers like the lid of a sectional book case.

Outside dimensions 19 inches long, 9 inches wide, 11⅛ inches high.
